---

Dear Prestigious Customers,

**Capital Safety Group Asia** is pleased to announce the appointment of **Viraj Safety First** as our manufacturer of **Protecta First** branded fall protection equipment in India and South East Asia markets. The partnership allows **Capital Safety** to promote a range of new products to low cost emerging markets under the **Protecta First** brand.

The products manufactured by **Viraj Safety First** will **conform to CE and ISI standards**. It is a vertically integrated manufacturer - from the raw material stage to the finished product, going through a rigorous process of product development and manufacturing, stringent in-house testing, quality control and product inspection.

We welcome **Viraj Safety First** into the **Capital Safety** family and continue with our efforts and commitment in serving the growing markets in India and S.E. Asia with high quality fall protection products at affordable prices with time-bound deliveries.

Warm Regards,

Brad Gates  
Managing Director  
Capital Safety Group Asia Pte Ltd

### **Company Profile**

**Capital Safety** is the world's leading manufacturer of fall protection safety equipment and confined space systems. Our expertise spans over 50 years, and our fall protection products and services are used in environments around the globe. At **Capital Safety**, we engineer and rigorously test our safety systems, which include fall arrest and prevention systems, to exceed industry standards set by the OSHA, ANSI, CSA, and CE. Our expertise combined with our broad selection has helped make us the world's leading manufacturer in fall protection and industrial rescue systems. In addition, Capital Safety's world-class support means you'll receive the best training, technical assistance and customer service in the business. For more information on our products please visit [www.capitalsafety.com](http://www.capitalsafety.com) or call at +65 6558 7758 or by email at [inquiry@capitalsafety.com](mailto:inquiry@capitalsafety.com)

**VIRAJ SAFETY FIRST**, is into designing, developing and manufacturing of personal protective equipment to guarantee absolute solution to height safety. At **VIRAJ SAFETY FIRST**, we strive to conform to national and international specifications. Accredited with **CE** and **ISI** markings, we ensure standardized material inputs, a rigorous development and manufacturing policy, complete in-house testing (right from the raw material stage to the finished product stage), stringent in-process quality control and finished product inspection.
